

1.

**Have a mission & a purpose.**

Everything that happens on a daily basis should be guided by the mission. Think #OneWord.

# 7 Strategies from Pixar to Incorporate into Your Classroom

2.

**Use Team Meetings w/ constructive feedback.**

Meet weekly to problem solve & provide feedback to improve relationships & workflow.

3.

**Establish high expectations & support for everyone.**

Provide specific modeling & support to meet academic & behavior expectations.

4.

**Be patient.**

Know that growth & progress happen over time. Be consistent when establishing routines & procedures for the long-haul.

5.

**Encourage risk-taking & allow students to be problem solvers.**

Place less emphasis on “right” answers & more on learning & creating.

6.

**Fail early.**

Try different activities & strategies in the classroom. Don't be afraid to change something that's not working.

7.

**Encourage the success of the collective whole.**

All students can be successful when they feel supported and work collaboratively.
